

LUKHMAN HAKIM BIN MAHAT

PERSONAL INFORMATION

I am a graduate of Computer Science and Information Technology from the University Tun Hussein Onn in the major courses web technology with honors. I am interested and passionate about computer science related to web technology. I am actively seeking a job within my knowledge and exposure. I can do any task that is related to my courses and also any new task that not related to my courses. I am also hoping to work in an environment where I can continue to learn and contribute as much value as I can.
